

Dear Sir or Madam,

My name is Taisha Barnett and I am writing on behalf of DEMP Inc., a faith-based, nonprofit organization targeting women in the sex industry and their families. Our mission is to share the love of Christ while addressing other complex needs such as drug and alcohol addictions, housing, family support and much more.

We are a new organization based out of Jacksonville, Florida, powered by women with a passion and drive to help eradicate this fast-growing industry.

We currently have ministries to help women in the sex-trade that want to get out of prostitution, exotic dancing or any sex-for-sale business. Our goal is to treat them with love and respect with hope that we may help them find a way out safely. Within this ministry we offer them gift bags filled with various items to make them feel special and loved.

As a new organization, our resources are limited and we are currently seeking donations from organizations that are in line with our mission statement and goals. We are looking for donations to help improve the quality of life for these women. Our goal is to open the first drop in center in Jacksonville fl. In order for us to accomplish this we need 50,000 in operating funds.

We believe that partnering with other organizations is vital to the success of DEMP. Leaders of organizations such as World Relief, Florida Coalition against Sex Trafficking and Florida Abolitionist are a few we have already partnered with. We look forward to your support.

Thank you and God Bless,

Taisha Barnett
Executive Director
